

1. BU Asia Impact Bond Fund ("the Fund") is a sub-fund of BU Fund Series OFC ("the Company"), which is a Hong Kong public open-ended fund company ("OFC") (the Company was incorporated pursuant to an Instrument of Incorporation filed to the Companies Registry of Hong Kong with business registration number 71817286), regulated under the laws of Hong Kong with variable capital and limited liability and segregated liability between sub-funds. The Company has been registered with the Securities & Futures Commission ("SFC") as an OFC and the Company and the Fund have been authorized by the SFC pursuant to section 104 of the Securities and Futures Ordinance. The SFC's registration or authorization is not a recommendation or endorsement of the Company or the Fund nor does it guarantee the commercial merits of the Company or the Fund or its performance. It does not mean the Company or the Fund is suitable for all investors nor is it an endorsement of its suitability for any particular investor or class of investors.

2. The Fund seeks medium to long term capital growth and regular income by primarily investing in impact bonds including green, social and sustainability bond instruments in Asia or that are denominated in Asian currencies.

3. The Fund is subject to risk associated with investing in an impact bond strategy, general investment risk, Asian market concentration risk, emerging market risk and currency risk.

4. The Fund invests in debts securities and are subject to risks in interest rates, credit/counterparty, downgrading, volatility and liquidity, valuation, sovereign debt and credit rating risks which may adversely affect the price of the debt securities.

5. The Directors may at their discretion make distribution from income and/or capital in respect of the distributing classes of the Fund. Distributions paid out of capital amount to a return or withdrawal of part of the shareholder's original investment or from any capital gains attributable to that original investment. Any such distributions may result in an immediate reduction of the net asset value per share.

6. In terms of currency hedged class shares, adverse exchange rate fluctuations between the base currency of the Fund and the class currency of the currency hedged class shares may result in a decrease in return and/or loss of capital for shareholders. Over-hedged or under-hedged positions may arise and there can be no assurance that these currency hedged class shares will be hedged at all times or that the Manager will be successful in employing the hedge.

7. RMB is currently not freely convertible and is subject to foreign exchange controls and restrictions. Non-RMB based (e.g. Hong Kong) investors are exposed to exchange risk and there is no guarantee that the value of RMB against the investors' base currencies (for example HKD) will not depreciate. Any depreciation of the RMB may adversely affect the value of investors' investment in the Fund.

8. The Fund may use financial derivative instruments for hedging and investment purposes which may not achieve the intended purpose and may result in significant losses. Risks associated with derivative instruments include counterparty/ credit risk, liquidity risk, valuation risk, volatility risk and over-the-counter transaction risk.

9. Investors should not make an investment decision based solely on this material.

^Please refer to the dividend notice available on website for dividend composition information and details. Dividend only applies to distributing classes and is not guaranteed. Past dividend record is not indicative of future dividend likely to be achieved. Annualised dividend yield = (dividend of the current month x 12) / last month end NAV x 100%. Please note that a positive distribution yield does not imply a positive return. Investors should not make any investment decision solely based on information contained in the table above. You should read the relevant Prospectus (including the key facts statement) of the fund for further details including the risk factors.

Performance is calculated in the respective class of denominated currencies on a NAV to NAV basis. Gross income is re-invested. HKD/USD based investors are exposed to foreign exchange fluctuations.
